

\*Content from *AccessAPN* & *AccessMedicine* that aligns with AACN’s Essentials for Advanced-Level Nursing Education

**American Association of Colleges of Nursing (AACN) Essentials for Advanced-Level Nursing Education	Resource	Digital Subscription
<b>Domain 1. Knowledge for Nursing Practice</b>		
1.1 Demonstrate an understanding of the discipline of nursing’s distinct perspective and where shared perspectives exist with other disciplines		
<p>1.1e Translate evidence from nursing science as well as other sciences into practice.</p> <p style="text-align: center;">&amp;</p> <p>1.1f Demonstrate the application of nursing science to practice.</p>	<p><a href="#">Johns Hopkins Evidence-Based Practice for Nurses and Healthcare Professionals Model and Guidelines, 4e</a></p> <p><a href="#">Johns Hopkins Nursing Evidence-Based Practice: Implementation and Translation</a></p> <p><a href="#">Implementing the Evidence-Based Practice (EBP) Competencies in Healthcare: A Practical Guide for Improving Quality, Safety, and Outcomes</a></p> <p><a href="#">Evidence-Based Practice in Action: Comprehensive Strategies, Tools, and Tips from the University of Iowa Hospitals and Clinics</a></p>	<p style="text-align: center;">AccessAPN</p> <p style="text-align: center;">AccessAPN</p> <p style="text-align: center;">AccessAPN</p> <p style="text-align: center;">AccessAPN</p>

1.1g Integrate an understanding of nursing history in advancing nursing’s influence in health care.	<a href="#">Leininger's Transcultural Nursing: Concepts, Theories, Research &amp; Practice, 4e: Chapter 1. Transcultural Nursing: History, Focus, and Future Directions</a>	AccessAPN
	Essentials of Nursing Informatics, 7e: <a href="#">Chapter 39. Nursing’s Role in Genomics and Information Technology for Precision Health</a>	AccessAPN
1.2 Apply theory and research-based knowledge from nursing, the arts, humanities, and other sciences.		
1.2f Synthesize knowledge from nursing and other disciplines to inform education, practice, and research.	<a href="#">Johns Hopkins Evidence-Based Practice for Nurses and Healthcare Professionals Model and Guidelines, 4e</a>	AccessAPN
1.2g Apply a systematic and defensible approach to nursing practice decisions.	<a href="#">Johns Hopkins Nursing Evidence-Based Practice: Implementation and Translation</a>	
1.2j Translate theories from nursing and other disciplines to practice.	<a href="#">Implementing the Evidence-Based Practice (EBP) Competencies in Healthcare: A Practical Guide for Improving Quality, Safety, and Outcomes</a>  <a href="#">Evidence-Based Practice in Action: Comprehensive Strategies, Tools, and Tips</a>	

	<a href="#">from the University of Iowa Hospitals and Clinics</a>	
1.2h Employ ethical decision making to assess, intervene, and evaluate nursing care.	<p>Clinical Ethics: A Practical Approach to Ethical Decisions in Clinical Medicine, 9e</p> <p><a href="#">Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 5. Principles in the Ethical Care of Underserved Patients</a></p> <p><a href="#">The Nurse's Healthcare Ethics Committee Handbook: Use of Leadership, Advocacy, and Empowerment to Develop a Nurse-Led Ethics Committee</a></p>	<p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessAPN</p>
1.2i Demonstrate socially responsible leadership.	<a href="#">Building a Culture of Ownership in Healthcare: The Invisible Architecture of Core Values, Attitude, and Self-Empowerment, 2e</a>	AccessAPN
	<a href="#">The Road to Leadership</a>	AccessAPN
1.3 Demonstrate clinical judgment founded on a broad knowledge base.		
1.3d Integrate foundational and advanced specialty knowledge into clinical reasoning.	<a href="#">Diagnostic Reasoning Lectures</a>	AccessMedicine
&		

<p>1.3e Synthesize current and emerging evidence to Influence practice.</p>	<p><a href="#">Symptom to Diagnosis: An Evidence-Based Guide, 4e: Chapter 1-2. A Model for Clinical Reasoning</a></p> <p>Clinical Specialty Book Library: <a href="#">More than 150 medical specialty titles</a></p> <p>Instructional videos, lectures, podcasts, &amp; learning modules on clinical topics, under “multimedia” tab</p>	<p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p>
<p>1.3f Analyze decision models from nursing and other knowledge domains to improve clinical judgment.</p>	<p><a href="#">Johns Hopkins Nursing Professional Practice Model: Strategies to Advance Nursing Excellence: Chapter 1. We Care: Foundations of Care</a></p> <p><a href="#">Chapter 5. We Empower: Shared Governance in a Professional Practice Environment</a></p> <p><a href="#">Harrison's Principles of Internal Medicine 21e: Chapter 4. Decision-Making in Clinical Medicine</a></p> <p><a href="#">Manual of Healthcare Leadership: Essential Strategies for Physician and Administrative Leaders: Chapter 5. Practical Strategy for Planning</a></p>	<p>AccessAPN</p> <p>AccessAPN</p> <p>AccessMedicine</p> <p>AccessMedicine</p>

**Domain 2: Person-Centered Care**

2.1 Engage with the individual in establishing a caring relationship.

<p>2.1d Promote caring relationships to effect positive outcomes.</p> <p style="text-align: center;">&amp;</p> <p>2.1e Foster caring relationships.</p>	<p><a href="#"><u>Population-Based Public Health Clinical Manual: The Henry Street Model for Nurses, 3e: Chapter 10. Competency #8. Establishes and Maintains Caring Relationships with Communities, Systems, Individuals, and Families</u></a></p> <p><a href="#"><u>Fostering Clinical Success: Using Clinical Narratives for Interprofessional Team Partnerships from Massachusetts General: Chapter 2. Theme of Practice: Clinician-Patient Relationship</u></a></p> <p><a href="#"><u>Emotion in the Clinical Encounter: Chapter 1. Emotions in 21<sup>st</sup> Century Humanistic Medicine</u></a></p> <p><a href="#"><u>Healthy Places, Healthy People: A Handbook for Culturally Informed Community Nursing Practice, 3e: Chapter 4. The Practice Project</u></a></p> <p><a href="#"><u>Medical Management of Vulnerable and Underserved Patients: Principles, Practice,</u></a></p>	<p>AccessAPN</p> <p>AccessAPN</p> <p>AccessAPN</p> <p>AccessAPN</p> <p>AccessMedicine</p>
---	--	---

	<a href="#">and Populations, 2e: Chapter 5. Principles in the Ethical Care of Underserved Patients &gt; Ethics of Caring and Relationships</a>	
2.2 Communicate effectively with individuals.		
2.2g Demonstrate advanced communication skills and techniques using a variety of modalities with diverse audiences.	<a href="#">Anatomy of Writing for Publication for Nurses, 4e</a>  <a href="#">A Nurse's Step-By-Step Guide to Publishing a Dissertation or DNP Project: Taking Your Paper from Graduation to Publication: Chapter 2. Writing Well</a>  <a href="#">Critical Conversations in Healthcare: Scripts &amp; Techniques for Effective Interprofessional &amp; Patient Communication, 2e</a>  <a href="#">Communication the Cleveland Clinic Way: How to Drive a Relationship-Centered Strategy for Superior Patient Experience</a>	<p>AccessAPN</p> <p>AccessAPN</p> <p>AccessAPN</p> <p>AccessMedicine</p>
2.2h Design evidence-based, person-centered engagement materials.	<a href="#">Patient Education Handouts for Adult and Pediatric Patients, in multiple languages</a>	AccessMedicine
	<a href="#">INSPIREd Healthcare: A Value-Based Care Coordination Model: Appendix F. Examples of Patient Education Tools Created by Interdisciplinary</a>	AccessAPN

	<a href="#"><u>Team Focused on Care Coordination for COPD</u></a>	
2.2i Apply individualized information, such as genetic/genomic, pharmacogenetic, and environmental exposure information in the delivery of personalized health care.	<a href="#"><u>Clinical Genomics: Practical Applications in Adult Patient Care: Chapter 175. Personalized Medicine in Clinical Practice</u></a>  <a href="#"><u>Goodman &amp; Gilman's: The Pharmacological Basis of Therapeutics, 13e: Chapter 7. Pharmacogenetics</u></a>  <a href="#"><u>Current Medical Diagnosis &amp; Treatment 2023. 40-25: Selected Pharmacogenetic Tests: Clinical Relevance</u></a>  <a href="#"><u>Harrison's Principles of Internal Medicine 21e: Chapter 68. Pharmacogenomics &amp; Chapter 289. Occupational and Environmental Lung Disease</u></a>  <a href="#"><u>Critical Care: Chapter 59. Environmental Injuries and Toxic Exposures</u></a>	<p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p>
2.2j Facilitate difficult conversations and disclosure of sensitive information	<a href="#"><u>Critical Conversations in Healthcare: Scripts &amp; Techniques for Effective Interprofessional &amp; Patient Communication, 2e</u></a>	<p>AccessAPN</p> <p>AccessAPN</p>

	<p><a href="#">Crucial Conversations: Tools for Talking when Stakes are High, 3e</a></p> <p><a href="#">De-Escalating Violence in Healthcare: Strategies to Reduce Emotional Tension and Aggression</a></p> <p><a href="#">The Exchange Strategy for Managing Conflict in Health Care: How to Defuse Emotions and Create Solutions when the Stakes are High</a></p>	<p>AccessAPN</p> <p>AccessMedicine</p>
2.3 Integrate assessment skills in practice.		
2.3h Demonstrate that one's practice is informed by a comprehensive assessment appropriate to the functional area of advanced nursing practice.	<a href="#">Physical Exam Videos</a>	AccessMedicine
	<a href="#">DeGowin's Diagnostic Examination, 11e</a>	AccessMedicine
	<a href="#">Huppert's Notes: Pathophysiology and Clinical Pearls for Internal Medicine</a>	AccessMedicine
2.4 Diagnose actual or potential health problems and needs.		
2.4f Employ context driven, advanced reasoning to the diagnostic and decision-making process.	Differential Diagnosis Tool - <a href="#">Diagnosaurus</a>	AccessMedicine

	<a href="#">The Patient History: An Evidence-Based Approach to Differential Diagnosis, 2e</a>	AccessMedicine
	<a href="#">Symptom to Diagnosis: An Evidence-Based Guide, 4e</a>	AccessMedicine
	<a href="#">Diagnostic Reasoning Lectures</a>	AccessMedicine
	<a href="#">The Symptom-to-Diagnosis Podcast</a>	AccessMedicine
	<a href="#">Current Diagnosis and Treatment 2022</a>	AccessMedicine
	<a href="#">Infographics</a>	AccessMedicine
2.4g Integrate advanced scientific knowledge to guide decision making.	Clinical Specialty Book Library: <a href="#">More than 150 medical specialty titles</a>	AccessMedicine
	Clinical Specialty Cases: <a href="#">More than 1,125 medical specialty cases</a> , under “cases” tab	AccessMedicine
	Instructional videos, lectures, podcasts, & learning modules on clinical topics, under “multimedia” tab	AccessMedicine
2.5 Develop a plan of care.		
2.5h Lead and collaborate with an interprofessional team to develop a comprehensive plan of care.	<a href="#">Fostering Clinical Success: Using Clinical Narratives for Interprofessional Team Partnerships from Massachusetts General</a>	AccessAPN

	<a href="#"><u>Critical Conversations in Healthcare: Scripts &amp; Techniques for Effective Interprofessional &amp; Patient Communication, 2e</u></a>	AccessAPN
	<a href="#"><u>Understanding Teamwork in Healthcare</u></a>	AccessMedicine
2.5i Prioritize risk mitigation strategies to prevent or reduce adverse outcomes.	<a href="#"><u>High Reliability Organizations: A Healthcare Handbook for Patient Safety &amp; Quality, 2e</u></a>	AccessAPN
	<a href="#"><u>Implementing the Evidence-Based Practice (EBP) Competencies in Healthcare: A Practical Guide For Improving Quality, Safety, and Outcomes</u></a>	AccessAPN
	<a href="#"><u>Mastering Informatics: A Healthcare Handbook for Success: Chapter 13. Patient Safety and Healthcare IT</u></a>	AccessAPN
	<a href="#"><u>Essentials of Nursing Informatics, 7e: Chapter 34. Health Information Technology: Striving to Improve Patient Safety</u></a>	AccessAPN
	<a href="#"><u>Understanding Patient Safety, 3e</u></a>	AccessMedicine

2.5j Develop evidence-based interventions to improve outcomes and safety.	<a href="#"><u>Implementing the Evidence-Based Practice (EBP) Competencies in Healthcare : A Practical Guide For Improving Quality, Safety, and Outcomes</u></a>	AccessAPN
	<a href="#"><u>Johns Hopkins Evidence-Based Practice for Nurses and Healthcare Professionals Model and Guidelines, 4e</u></a>	AccessAPN
	<a href="#"><u>Johns Hopkins Nursing Evidence-Based Practice: Implementation and Translation</u></a>	AccessAPN
	<a href="#"><u>Evidence-Based Practice in Action: Comprehensive Strategies, Tools, and Tips From the University of Iowa Hospitals and Clinics</u></a>	AccessAPN
2.5k Incorporate innovations into practice when evidence is not available.	<a href="#"><u>Johns Hopkins Nursing Evidence-Based Practice: Implementation and Translation: Chapter 9. Applying Translation Science to Improve Health Outcomes</u></a>	AccessAPN
	<a href="#"><u>INSPIREd Healthcare: A Value-Based Care Coordination Model</u></a>	AccessAPN
	<a href="#"><u>Innovation the Cleveland Clinic Way: Powering Transformation by Putting Ideas to Work</u></a>	AccessMedicine

	<a href="#">The Innovator's Prescription: A Disruptive Solution for Health Care</a>	AccessMedicine
2.6 Demonstrate accountability for care delivery.		
2.6e Model best care practices to the team	<a href="#">Johns Hopkins Evidence-Based Practice for Nurses and Healthcare Professionals Model and Guidelines, 4e</a>  <a href="#">Johns Hopkins Nursing Evidence-Based Practice: Implementation and Translation</a>  <a href="#">Implementing the Evidence-Based Practice (EBP) Competencies in Healthcare: A Practical Guide for Improving Quality, Safety, and Outcomes</a>  <a href="#">Evidence-Based Practice in Action: Comprehensive Strategies, Tools, and Tips from the University of Iowa Hospitals and Clinics</a>	<p>AccessAPN</p> <p>AccessAPN</p> <p>AccessAPN</p> <p>AccessAPN</p>
2.6f Monitor aggregate metrics to assure accountability for care outcomes.	<a href="#">Implementing the Evidence-Based Practice (EBP) Competencies in Healthcare : A Practical Guide For Improving Quality, Safety, and Outcomes: Chapter 7. The Evidence Based Practice Competencies Related to Outcomes Evaluation</a>	AccessAPN

	<a href="#">Basic and Clinical Biostatistics, 5e</a>	AccessMedicine
	<a href="#">Understanding Clinical Research</a>	AccessMedicine
	<a href="#">Medical Epidemiology: Population Health and Effective Health Care, 5e</a>	AccessMedicine
2.6g Promote delivery of care that supports practice at the full scope of education.	<a href="#">Successful Transition to Practice: A Guide for the New Nurse Practitioner, 1e: Chapter 12. Full Practice Authority</a>	AccessAPN
2.6h Contribute to the development of policies and processes that promote transparency and accountability.	<a href="#">Understanding Health Policy: A Clinical Approach, 9e</a>	AccessMedicine
	<a href="#">Maxcy-Rosenau-Last Public Health &amp; Preventive Medicine, 16e: Chapter 47. Health Policy Development</a>	AccessMedicine
	<a href="#">The U.S. Healthcare Ecosystem: Payers, Providers, Producers: Chapter 25. The Federal Bureaucracy, the US Congress, and Healthcare Policy</a>	AccessMedicine
	<a href="#">Implementing the Evidence-Based Practice (EBP)</a>	

<p>2.6i Apply current and emerging evidence to the development of care guidelines/tools.</p>	<p><a href="#">Competencies in Healthcare : A Practical Guide For Improving Quality, Safety, and Outcomes: Chapter 9. The Evidence-Based Practice Competencies Related to Disseminating Evidence</a></p>	<p>AccessAPN</p>
	<p><a href="#">Evidence-Based Practice in Action: Comprehensive Strategies, Tools, and Tips from the University of Iowa Hospitals and Clinics</a></p>	<p>AccessAPN</p>
	<p><a href="#">Johns Hopkins Evidence-Based Practice for Nurses and Healthcare Professionals Model and Guidelines, 4e</a></p>	<p>AccessAPN</p>
	<p><a href="#">Johns Hopkins Nursing Evidence-Based Practice: Implementation and Translation</a></p>	<p>AccessAPN</p>
<p>2.6j Ensure accountability throughout transitions of care across the health continuum.</p>	<p>INSPIREd Healthcare: A Value-Based Care Coordination Model</p>	<p>AccessAPN</p>
	<p><a href="#">Hazzard's Geriatric Medicine and Gerontology, 8e: Chapter 18. Transitions of Care</a></p>	<p>AccessMedicine</p>
	<p><a href="#">Principles and Practice of Hospital Medicine, 2e: Chapter 12. Care Transitions into the Hospital: Health Care Centers, Emergency Department, Outside Hospital Transfers</a></p>	<p>AccessMedicine</p>

	<a href="#">Chapter 13: Care Transitions within the Hospital: The Hand-off</a>  <a href="#">Chapter 14. Care Transitions at Hospital Discharge</a>	
2.7 Evaluate outcomes of care		
2.7d Analyze data to identify gaps and inequities in care and monitor trends in outcomes.	<a href="#">Basic and Clinical Biostatistics, 5e</a>	AccessMedicine
	<a href="#">Understanding Clinical Research</a>	AccessMedicine
2.7e Monitor epidemiological and system-level aggregate data to determine healthcare outcomes and trends.	<a href="#">Medical Epidemiology: Population Health and Effective Health Care, 5e</a>	AccessMedicine
	<a href="#">Implementing the Evidence-Based Practice (EBP) Competencies in Healthcare: A Practical Guide For Improving Quality, Safety, and Outcomes</a>	AccessMedicine
2.7f Synthesize outcome data to inform evidence-based practice, guidelines, and policies.	<a href="#">Johns Hopkins Evidence-Based Practice for Nurses and Healthcare Professionals Model and Guidelines, 4e</a>	AccessAPN
	<a href="#">Johns Hopkins Nursing Evidence-Based Practice: Implementation and Translation</a>	AccessAPN

	<a href="#">Evidence-Based Practice in Action: Comprehensive Strategies, Tools, and Tips from the University of Iowa Hospitals and Clinics</a>	AccessAPN
2.8 Promote Self-Care Management		
2.8f Develop strategies that promote self-care management.	<a href="#">Nurse Burnout: Overcoming Stress in Nursing</a>	AccessAPN
2.8g Incorporate the use of current and emerging technologies to support self-care management.	<a href="#">Emotion in the Clinical Encounter: Chapter 15. Changing Medical Education to Support Emotional Wellness</a>	AccessAPN
2.8h Employ counseling techniques, including motivational interviewing, to advance wellness and self-care management.	<a href="#">Chapter 16. Striving and Thriving: Challenges and Opportunities for Clinician Emotional Wellness</a>	AccessAPN
2.8i Evaluate adequacy of resources available to support self-care management.	<a href="#">Behavioral Medicine: A Guide for Clinical Practice, 5e: Chapter 6. Practitioner Well-Being</a>	AccessMedicine
2.8j Foster partnerships with community organizations to support self-care management	<a href="#">Chapter 7. Mindful Practice</a> <a href="#">Chapter 49. Trainee Well-Being</a>	AccessMedicine
2.9 Provide Care Coordination		
2.9f Evaluate communication pathways among providers and	<a href="#">Critical Conversations in Healthcare: Scripts &amp; Techniques for Effective</a>	AccessAPN

<p>others across settings, systems, and communities.</p>	<p><a href="#">Interprofessional &amp; Patient Communication, 2e</a></p> <p><a href="#">Healthy Places, Healthy People: A Handbook for Culturally Informed Community Nursing Practice, 3e: Chapter 4. The Practice Project &gt; Engaging in Effective Team Member Relationships</a></p> <p><a href="#">Johns Hopkins Nursing Evidence-Based Practice: Implementation and Translation: Chapter 4. Building Core Competencies in Nursing Service: Shared Governance</a></p> <p><a href="#">Understanding Teamwork in Healthcare (multiple chapters)</a></p> <p><a href="#">Understanding Patient Safety, 3e: Chapter 9. Teamwork and Communication Errors</a></p> <p><a href="#">Communication The Cleveland Clinic Way: How to Drive a Relationship-Centered Strategy for Superior Patient Experience</a></p>	<p>AccessAPN</p> <p>AccessAPN</p> <p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p>
<p>2.9g Develop strategies to optimize care coordination and transitions of care.</p>	<p><a href="#">INSPIREd Healthcare: A Value-Based Care Coordination Model</a></p>	<p>AccessAPN</p>

<p>2.9h Guide the coordination of care across health systems.</p> <p>2.9j Participate in system-level change to improve care coordination across settings.</p>	<p><a href="#">Hospice &amp; Palliative Care Handbook: Quality, Compliance, and Reimbursement, 3e: Part 3. Planning, Managing, and Coordinating Care</a></p> <p><a href="#">High Reliability Organizations: A Healthcare Handbook for Patient Safety &amp; Quality, 2e</a> (multiple chapters)</p> <p><a href="#">Hazzard's Geriatric Medicine and Gerontology, 8e: Chapter 18. Transitions of Care</a></p> <p><a href="#">Principles and Practice of Hospital Medicine, 2e: Chapter 12. Care Transitions into the Hospital: Health Care Centers, Emergency Department, Outside Hospital Transfers</a></p> <p><a href="#">Chapter 13. Care Transitions within the Hospital: The Hand-off</a></p> <p><a href="#">Chapter 14. Care Transitions at Discharge</a></p>	<p>AccessAPN</p> <p>AccessAPN</p> <p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p>
<p>2.9i Analyze system-level and public policy influence on care coordination.</p>	<p><a href="#">Understanding Health Policy: A Clinical Approach, 9e</a></p>	<p>AccessAPN</p>
<p><b>Domain 3. Population Health</b></p>		
<p>3.1 Manage Population Health</p>		

<p>3.1j Assess the efficacy of a system’s capability to serve a target sub-population’s healthcare needs.</p>	<p><a href="#">Maxcy-Rosenau-Last Public Health &amp; Preventive Medicine, 16e: Section V. Healthcare and Public Health Systems</a></p>	<p>AccessMedicine</p>
<p>3.1k Analyze primary and secondary population health data for multiple populations against relevant benchmarks.</p> <p>3.1l Use established or evolving methods to determine population-focused priorities for care.</p>	<p><a href="#">Medical Epidemiology: Population Health and Effective Health Care, 5e: Section I. Population Health</a></p> <p><a href="#">Population-Based Public Health Clinical Manual: The Henry Street Model for Nurses, 3e</a></p> <p><a href="#">Essentials of Nursing Informatics, 7e: Chapter 32. Population Health Informatics</a></p> <p><a href="#">Maxcy-Rosenau-Last Public Health &amp; Preventive Medicine, 16e</a></p>	<p>AccessMedicine</p> <p>AccessAPN</p> <p>AccessAPN</p> <p>AccessMedicine</p>
<p>3.1m Develop a collaborative approach with relevant stakeholders to address population healthcare needs, including evaluation methods.</p> <p>3.1n Collaborate with appropriate stakeholders to implement a sociocultural and linguistically responsive intervention plan.</p>	<p><a href="#">Maxcy-Rosenau-Last Public Health &amp; Preventive Medicine, 16e: Chapter 43. A Comprehensive Approach to Planning Public Health Programs and Policies &gt; Engaging and Communicating with Key Stakeholders</a></p> <p><a href="#">Chapter 44. Health Impact Assessment: A Tool for Promoting Healthier Communities</a></p>	<p>AccessMedicine</p> <p>AccessMedicine</p>

3.2 Engage in effective partnerships		
<p>3.2d Ascertain collaborative opportunities for individuals and organizations to improve population health.</p>	<p><a href="#">Maxcy-Rosenau-Last Public Health &amp; Preventive Medicine, 16e: Chapter 43. A Comprehensive Approach to Planning Public Health Programs and Policies &gt; Engaging and Communicating with Key Stakeholders</a></p>	<p>AccessMedicine</p>
<p>3.2e Challenge biases and barriers that impact population health outcomes.</p>	<p><a href="#">Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 2. Health Care Disparities: An Overview &gt; Bias, Stereotyping, and Discrimination</a></p> <p><a href="#">Maxcy-Rosenau-Last Public Health &amp; Preventive Medicine, 16e: Chapter 49. Implementing Public Health Programs &gt; Challenges in Achieving Public Health Outcomes</a></p>	<p>AccessMedicine</p> <p>AccessMedicine</p>
<p>3.2f Evaluate the effectiveness of partnerships for achieving health equity.</p> <p>3.2g Lead partnerships to improve population health outcomes.</p>	<p><a href="#">Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 6. Community Engagement and Partnership</a></p> <p><a href="#">Understanding Global Health, Second Edition: Chapter 20. Health Systems, Management, and Organization in Global Health &gt; Private/Public Partnerships</a></p>	<p>AccessMedicine</p> <p>AccessMedicine</p>

<p>3.2h Assess preparation and readiness of partners to organize during natural and manmade disasters.</p>	<p><a href="#">Understanding Global Health, Second Edition: Chapter 15. Humanitarian Assistance and Disaster Relief</a></p> <p><a href="#">Healthy Places, Healthy People: A Handbook for Culturally Informed Community Nursing Practice, 3e: Chapter 6. Determining the Health of Your Community &gt; Disaster and Emergency Preparedness</a></p>	<p>AccessMedicine</p> <p>AccessMedicine</p>
<p>3.3 Consider the socioeconomic impact of the delivery of health care.</p>		
<p>3.3c Analyze cost-benefits of selected population-based interventions.</p>	<p><a href="#">Understanding Value-Based Healthcare</a></p> <p><a href="#">Understanding Health Policy: A Clinical Approach, 9e: Chapter 8. Painful Versus Painless Cost Control &gt; Prioritization and Analysis of Cost Effectiveness</a></p>	<p>AccessMedicine</p> <p>AccessMedicine</p>
<p>3.3d Collaborate with partners to secure and leverage resources necessary for effective, sustainable interventions.</p> <p>3.3e Advocate for interventions that maximize cost-effective, accessible, and equitable resources for populations.</p>	<p><a href="#">Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 10. Creating a Context for Effective Intervention in the Clinical Care of Vulnerable Patients</a></p>	<p>AccessMedicine</p>

<p>3.3f Incorporate ethical principles in resource allocation in achieving equitable health.</p>	<p><a href="#">Harrison's Principles of Internal Medicine 21e: Chapter 11. Ethical Issues in Clinical Medicine &gt; Allocation of Resources</a></p> <p><a href="#">Understanding Health Policy: A Clinical Approach, 9e: Chapter 13. Medical Ethics and Rationing of Healthcare &gt; Fiscal Scarcity and Resource Allocation</a></p> <p><a href="#">Clinical Ethics: A Practical Approach to Ethical Decisions in Clinical Medicine, 9e: Topic Four Contextual Features &gt; 4.5 Allocation of Scarce Health Resources</a></p>	<p>AccessMedicine</p> <p>AccessMedicine</p> <p>AccessMedicine</p>
<p>3.4 Advance equitable population health policy.</p>		
<p>3.4f Identify opportunities to influence the policy process.</p> <p>3.4g Design comprehensive advocacy strategies to support the policy process.</p> <p>3.4h Engage in strategies to influence policy change.</p> <p>3.4i Contribute to policy development at the system, local, regional, or national levels.</p>	<p><a href="#">Understanding Health Policy: A Clinical Approach, 9e</a></p> <p><a href="#">Population-Based Public Health Clinical Manual: The Henry Street Model for Nurses, 3e: Chapter 13: COMPETENCY #11: Shows Evidence of Commitment to Social Justice, the Greater Good, and the Public Health Principles</a></p> <p><a href="#">Leininger's Transcultural Nursing: Concepts, Theories, Research &amp; Practice, 4e: Chapter 2. Essential Transcultural Nursing Care</a></p>	<p>AccessMedicine</p> <p>AccessAPN</p> <p>AccessAPN</p>

<p>3.4j Assess the impact of policy changes.</p>	<p><a href="#"><u>Concepts, Principles, Guidelines, and Policy Statements for Culturally Congruent and Competent Health Care Practice, Education, and Research</u></a></p> <p><a href="#"><u>Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 29. Immigrant Health Issues &gt; Impact of Immigration Policies</u></a></p>	<p>AccessMedicine</p>
<p>3.4k Evaluate the ability of policy to address disparities and inequities within segments of the population.</p>	<p><a href="#"><u>Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 6. Community Engagement and Partnership &gt; Intervention and Evaluation</u></a></p>	<p>AccessMedicine</p>
<p>3.4l Evaluate the risks to population health associated with globalization.</p>	<p><a href="#"><u>Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 7. A Global Perspective on the Care of Medically Vulnerable and Underserved Populations</u></a></p>	<p>AccessMedicine</p>
<p>3.5 Demonstrate advocacy strategies.</p>		
<p>3.5f Appraise advocacy priorities for a population</p>	<p><a href="#"><u>Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 8. Advocacy</u></a></p>	<p>AccessMedicine</p>
<p>3.5g Strategize with an interdisciplinary group and others to develop effective advocacy approaches.</p>	<p><a href="#"><u>Understanding Teamwork in Healthcare</u></a></p>	<p>AccessMedicine</p>

	<a href="#"><u>Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 8. Advocacy</u></a>	AccessMedicine
3.5h Engage in relationship-building activities with stakeholders at any level of influence, including system, local, state, national, and/or global.	<a href="#"><u>Maxcy-Rosenau-Last Public Health &amp; Preventive Medicine, 16e: Chapter 43. A Comprehensive Approach to Planning Public Health Programs and Policies &gt; Engaging and Communicating with Key Stakeholders</u></a>  <a href="#"><u>Innovation the Cleveland Clinic Way: Powering Transformation by Putting Ideas to Work: Chapter 7. Partners</u></a>  <a href="#"><u>Population-Based Public Health Clinical Manual: The Henry Street Model for Nurses, 3e: Chapter 7. COMPETENCY #5: Works within the Responsibility and Authority of the Governmental Public Health System</u></a>	AccessMedicine   AccessMedicine   AccessAPN
3.5i Demonstrate leadership skills to promote advocacy efforts that include principles of social justice, diversity, equity, and inclusion.	<a href="#"><u>Medical Management of Vulnerable and Underserved Patients: Principles, Practice, and Populations, 2e: Chapter 8. Advocacy</u></a>	AccessMedicine
	<a href="#"><u>Population-Based Public Health Clinical Manual: The Henry Street Model for Nurses, 3e: Chapter 14. COMPETENCY #12:</u></a>	AccessAPN

	<a href="#">Demonstrates Leadership in Public Health Nursing with Communities, Systems, Individuals, and Families</a>
