Absorption that works

Un método innovador para transformar el sonido. Un enfoque único para dar vida a la acústica.

ISINAC genera confort acústico fabricando todo tipo de productos fonoabsorbentes. Nuestro equipo participa en todo el proceso de los proyectos en los que trabajamos y estando presentes en mercados de cuatro continentes.

Adaptamos diversos espacios, tanto interiores como exteriores. Realizamos instalaciones en restaurantes, oficinas, centros educativos, gimnasios, la industria hotelera y salas polivalentes, entre muchos otros.

Nuestros productos destacan por la calidad de los materiales, de origen europeo; por ser hipoalergénicos, y por sus garantías de funcionalidad, fácil instalación y mantenimiento. Además, certificamos externamente que todas nuestras soluciones cumplen de manera fiable con los estándares de absorción acústica en todos sus parámetros, así como con la resistencia al paso del tiempo y al fuego.

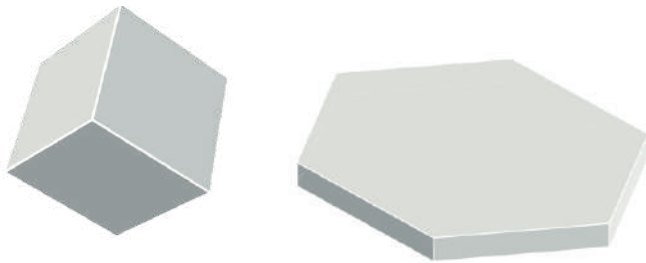

An innovative method to craft and transform sound.
An unique approach to bring acoustics to life.

ISINAC generates acoustic comfort by manufacturing all kinds of sound-absorbing products. Our team is involved throughout the entire process of the projects we work on and we are already present in markets on four continents.

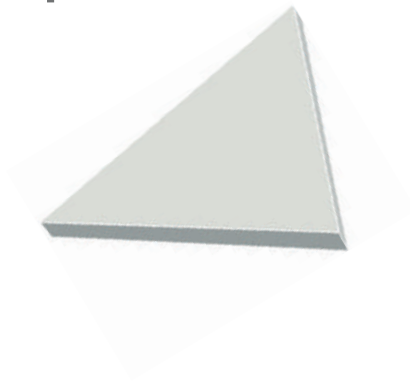

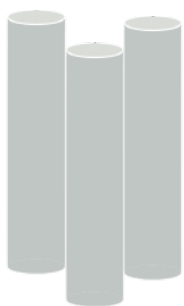

We adapts various spaces, both indoor and outdoor. We install in spaces such as restaurants, offices, educational centers, gyms, hospitality venues, and multipurpose rooms, among many others.

Our products stand out due to the quality of the materials, of European origin; for being hypoallergenic, and for their guarantees of functionality, easy installation, and maintenance. Additionally, we certify externally that all our solutions reliably meet acoustic absorption standards in all parameters, as well as resistance to the passage of time and fire.
