

**One person shouldn't have to  
manage the room and the lens.**

It kills the flow, making meetings feel  
rigid and distracted.

**With the Yealink SmartVision 80,  
everyone stays in focus.**

**Speaker Tracking**  
Automatically tracks the speaker in HD

**Multi-camera IntelliFocus**  
For real-time speaker close-ups

**Advanced quad-lens 4K system**  
Intelligently coordinates lenses

**Built to enhance your meeting experience. Designed to make every meeting count.**

**NDI & Dante Compatible**  
Fits seamlessly into any multi-camera

**Flexible and Scalable**  
Grows with your collaboration needs

**Stop managing the camera.  
Start managing the meeting.**
