

## How do I see/download citation information for a resource that I'm viewing?

The "get citation" button at the top of each chapter will auto-generate a citation in AMA and MLA formats. You can also export the bibliographic data to a reference manager from this button.

### — INTRODUCTION

Drugs are the cornerstone of many therapeutics. Nevertheless, it is well recognized and the lay community that the use of drug therapy varies widely among individuals. It has been perceived as an unpredictable and therefore inevitable, accompaniment

### Citation
