

For Residents

Neurology Board Review

1,500+ questions and answers, including 200 clinical vignettes, to prepare for the ABPN neurology exam including psychiatry content.

AccessNeurology helps residents meet their **milestones** with key resources to maximize **clinical neurology** and **neuroscience knowledge** and provide safe, effective patient care.

Core resident resources include:

- Top clinical neurology and neuroscience titles, including subspecialty textbooks on **neuromuscular disorders, movement disorders, neurocritical care, neuro-ophthalmology, and pediatric neurology**
- Comprehensive **neuroanatomy** and **neurologic exam** resources
- **Kandel Quarterly** presents valuable literature reviews of current topics in neuroscience
- Essential **Psychiatry** content to support patient care and board review
- Complete **drug database** with pricing information
- **3D brain anatomy** tool

250+ Instructional Videos:

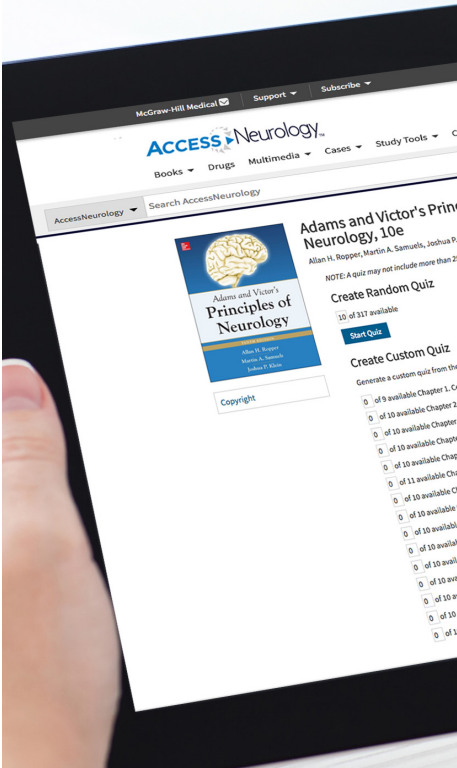

- Help residents recognize and treat focal cerebral disorders, gait disorders, movement disorders, and neuromuscular diseases.
- *DeMyer's The Neurologic Examination* videos featuring clinical vignettes of neurologic exams performed on real patients.

Vital Learning Tools:

- **Interactive Neuroanatomy Atlas** provides active learning module for assessing knowledge of CNS structures and their corresponding neural pathway functions
- **Clinical Neuroanatomy Explained** is an animated lecture series that reviews fundamental neuroanatomy and clinical localization principles to diagnose and treat patients with neurologic conditions
- **Neuroradiology Case Review** presents 200 detailed brain imaging cases to help refine skills interpreting radiographic images

For Residents

Residents create and use their personal **MyAccess Profile**

to unlock key features:

- Work through challenging patient cases
- Create and take quizzes for board review
- Connect remotely off-site, off-VPN
- Bookmark favorite content such as videos, images, tables, and chapters to view later
- Organize important content in folders
- Browse recently viewed content
- Receive alerts about important new content additions
- Download multiple images to PowerPoint with citations and references automatically populated.

How to Set Up Your **MyAccess Profile** in 3 Easy Steps:

1. Go to mhmedical.com or navigate to any Access product homepage. You must be on-site at your institution or organization when first creating your MyAccess Profile.
2. Click on your institution's or organization's name in the upper right-hand corner of any page. Once there, click on "Create a Free MyAccess Profile."
3. In the pop-up window, click "Create a Free MyAccess Profile." Complete the registration form and select "Create Profile."

Congratulations! You are ready to enjoy the benefits of a MyAccess Profile

Helpful Tip:

To keep your MyAccess Profile active, you must sign into your profile every 90 days while either on-site or through your institution's or organization's VPN or proxy server.
