

## For Residents

### Pediatric Board Review

8,000+ questions and answers and 1,500 cases to prepare for the ABP certifying exam

**AccessPediatrics** helps residents meet their milestone with key resources that maximize knowledge spanning from neonatology through adolescent medicine and provide safe, effective patient care. Content highlights include:

- Top pediatrics reference titles, including the fully updated *Rudolph's Pediatrics*, and subspecialty textbooks on neonatology, pediatric dermatology, pediatric emergency medicine, pediatric infectious diseases, pediatric endocrinology, and more
- **Quick reference** resources for inpatient and outpatient care of infants, children, and adolescents, including clinical guidelines and immunization schedules
- **Practice-based learning** competency resources on pediatric patient safety and quality improvement
- **2 Minute Medicine**® – daily authoritative medical reports of breaking pediatrics literature
- Complete **drug database** with pricing information

#### Key Features:

- A complete program on **neonatal-perinatal medicine**, including *Gomella's Neonatology* handbook, *Clinical Guidelines in Neonatology*, and *Neonatal-Perinatal Medicine Specialty Board Review*
- *Diagnostic Imaging of Infants and Children* helps you visualize the full range of pediatric diseases and injuries through more than 3,700 X-ray, CT, MRI, ultrasound, and nuclear medicine images
- Full coverage of **inpatient pediatrics**, with the latest editions of *Comprehensive Pediatric Hospital Medicine* and *The Philadelphia Guide: Inpatient Pediatrics*
- More than **1,500 cases** and thousands of images and illustrations to help build your **visual diagnosis skills**
- *Quick Medical Diagnosis & Treatment* gives quick, concise answers to clinical questions on more than 400 essential pediatric diseases, disorders, and injuries
- Resources on related specialties of **pediatric surgery** and **pediatric anesthesiology**
- Customizable patient education

**AccessPediatrics** is the necessary resource to support competencies in general and subspecialty pediatrics residency rotations:

- Practice-Based Learning and Improvement
- Patient Care and Procedural Skills
- Systems-Based Practice
- Medical Knowledge
- Interpersonal and Communication Skills
- Professionalism

## For Residents

**Residents** create and use their personal **MyAccess Profile** to unlock key features:

- Work through challenging patient cases
- Create and take quizzes for board review
- Connect remotely off-site, off-VPN
- Bookmark favorite content such as videos, images, tables, and chapters to view later
- Organize important content in folders
- Browse recently viewed content
- Receive alerts about important new content additions
- Download multiple images to PowerPoint with citations and references automatically populated.

### How to Set Up Your **MyAccess Profile** in 3 Easy Steps:

1. Go to [mhmedical.com](http://mhmedical.com) or navigate to any Access product homepage. You must be on-site at your institution or organization when first creating your MyAccess Profile.
2. Click on your institution's or organization's name in the upper right-hand corner of any page. Once there, click on "Create a Free MyAccess Profile."
3. In the pop-up window, click "Create a Free MyAccess Profile." Complete the registration form and select "Create Profile."

**Congratulations!** You are ready to enjoy the benefits of a MyAccess Profile

### **Helpful Tip:**

To keep your MyAccess Profile active, you must sign into your profile every 90 days while either on-site or through your institution's or organization's VPN or proxy server.
